KEY PROJECTS

Project #1

Project Title : **Learning Management System (LMS)**
Team Size : 1
Technologies : HTML5, CSS3, Bootstrap5, JS, Ajax, jQuery, Core PHP, MySQL.
Client : AVIT, SAS

Description:

The Learning Management System (LMS) and Data Management System is a web-based application designed to manage learning activities and institutional data through a centralized platform. It supports user management, course management, student data management, database maintenance, documentation, and report generation. The system helps streamline academic and administrative workflows, improve data accuracy, and provide easy access to information for authorized users.

Project #2

Project Title : ID Card Management System
Team Size : 1
Technologies : HTML5, CSS3, Bootstrap5, Ajax, jQuery, JS, Core PHP, MySQL.
Client : AVIT

Description:

Developed a centralized system for managing student admissions, reporting, student/parent profile and address details, ID card verification, photo/signature collection, document verification, fee collection, admit card issuance, hostel joining/check-in, and welcome kit distribution. Implemented workflow-based status tracking and dashboards to streamline the complete student onboarding process.

Project #3

Project Title : Vinayaka Missions Academy Private Limited (Website)
Team Size : 1
Technologies : HTML5, CSS3, Bootstrap5, JS, Ajax, jQuery, Core PHP, MySQL.
Client : VMAPL

Description:

Developed and deployed a responsive institutional website for **VMAPL** featuring programme information, admissions, industry partners, leadership, contact, and Apply Now sections. Implemented responsive UI, reusable website components, programme detail pages, navigation, content management, and production deployment with a focus on performance, usability, and cross-device compatibility.

Project #4

Project Title : Website Design, Development and Maintenance
Team Size : 1
Technologies : HTML, CSS, Bootstrap, Typescript, JSON, jQuery, Ajax, JavaScript, Core PHP, MySQL, Wordpress
Client : AVIT, SAS, SRBS, DOM (4 Institutions)

Description:

Experienced in managing, updating, and maintaining websites for institutions like avit.ac.in, avsas.ac.in, srbsvmrf.edu.in, dom.avit.ac.in, avmc.edu.in, sptvmrf.edu.in ensuring smooth operation, functionality, and security. Skilled in troubleshooting technical issues, implementing content updates, and optimizing site performance for better user experience and SEO.

Project #5

Project Title : Employee Management System(EMS)
Team Size : 1

Technologies : Angular 19, HTML5, CSS3, Bootstrap5, TS, JS, PHP, MySQL.
Client : AVIT, SAS, DOM, VMLS, SAHS (5 Institutions)

Description:

Developed comprehensive employee lifecycle management system with qualification tracking, employment history, family details, and document management. Implemented ESI/PF compliance, automated application form generation, and secure document upload with version control. Built role-based dashboards for HR administration, employee self-service, and compliance reporting with automated reminders and approval workflows.

Project #6

Project Title : **All India Online Entrance Exam System**
Team Size : 1
Technologies : HTML, CSS, Bootstrap, Typescript, JSON, JavaScript, PHP, MySQL.
Client : SRBS

Description:

Developed and implemented a robust All India Online Entrance Exam System to facilitate secure and scalable online examinations, ensuring integrity through webcam proctoring, automating marks calculation, and publishing results efficiently.

Project #7

Project Title : **VMRF SMART Scholarship Examination System**
Team Size : 1
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, PHP, MySQL.
Client : AVIT

Description:

Developed and implemented a comprehensive Online Exam Scholarship System designed to offer students the opportunity to apply for scholarships based on their performance in a secure, online exam Technologies. The system incorporated exam registration, real-time evaluation, and scholarship allocation based on merit.

Other Projects:

Project Title : **Meritto CRM Lead & Student Admission Management System**
Client : AVIT, SAS, DOM (3 Institutions)

Project Title : **Customer Relationship Management (CRM)**
Technologies : HTML, CSS, Bootstrap, TS, JSON, jQuery, JS, PHP, MySQL.
Client : AVIT

Project Title : **E-Certificate Management System**
Technologies : Angular 18, HTML5, CSS3, Bootstrap5, TS, JS, Core PHP, MySql.
Client : AVIT, SAS, DOM, VMLS, SAHS (5 Institutions)

Project Title : **Online Application Admin Dashboard**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, PHP, MySql.
Client : AVIT, SAS, DOM, SRBS, SRBS,SPT,AVMC (7 Institutions)

Project Title : **Hostel Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JSON, JS, Core PHP, MySql.
Client : AVIT, SAS, DOM

Project Title : **Biometric-Based Hostel Student Attendance System**
Technologies : HTML, CSS, Bootstrap, Typescript, JSON, JS, PHP, MySql.
Client : AVIT, SAS, DOM, VMLS, SAHS (5 Institutions)

Project Title : **Ticket Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, Core PHP, MySql.
Client : AVIT

Project Title : **Admission Enquiry Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JSON, JS, Core PHP, MySql.
Client : AVIT, SAS, DOM, VMLS, VSEP(5 Institutions)

Project Title : **Purchase Management System (PMS)**
Technologies : Angular 21, HTML,CSS,Bootstrap5, Typescript, Core PHP, MySql.
Client : AVIT, SAS, DOM, VMLS, VMESH, SAHS

Project Title : Employee Work Tracker Application
Technologies : HTML5, CSS3, Bootstrap5, JS, Ajax, jQuery, Core PHP, MySql.
Client : AVIT, SAS, DOM, VMLS SAHS

Client: [Ladora Pvt Ltd](#)

Project Title : **Work Management System**
Technologies : Angular14+,HTML,CSS,Bootstrap,Typescript,JavaScript, MySql.

Project Title : **Websites Catalogue**
Technologies : Angular 8+, HTML, CSS, Bootstrap, Typescript, PHP, MySql.

Project Title : **2T2P**
Technologies : Angular 8+,HTML,CSS,Bootstrap, JavaScript, PHP, MySql.
: **Beauty Queen**
Project Title
Technologies : Wordpress, PHP, MySQL, HTML, CSS, Bootstrap, JavaScript.

Client : Vel Tech University

Project Title : **Transcript Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, PHP, MySql.

Project Title : **Payroll Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, PHP, MySql.
Client : Vel Tech University

Project Title : **PhD Entrance Examination Management System**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, Core PHP, MySql.
Client : Vel Tech University

Project Title : **Learning Management System (LMS)**
Technologies : HTML, CSS, Bootstrap, Typescript, JavaScript, PHP, MySql.
Client : Vel Tech University

Project Title : **Vel Tech Ticket Generation System**
Technologies : Angular 8+, PHP, MySQL, HTML, CSS, Bootstrap, Typescript.
Client : Vel Tech University

Project Title : **Examination Management System**
Technologies : PHP, MySQL, HTML,CSS, Bootstrap, JS, Payment Gateway.
Client : Vel Tech University

Project Title : **Hostel Management System**
Technologies : PHP, MySQL, HTML, CSS, Bootstrap, JS, Payment Gateway.
Client : Vel Tech University

Project Title : **Transport Management System**
Technologies : PHP, MySQL, HTML, CSS, Bootstrap, JS ,Payment Gateway.
Client : Vel Tech University

Project Title : **Hospital Information System**
Technologies : Angular2,PHP, MySQL, HTML, CSS, Bootstrap, JS, Typescript.
Client : ThinkSynQ Solutions Pvt Ltd

Project Title : **Sparrc Physio Healthcare Management System**
Technologies : Angular2,PHP, MySQL, HTML,CSS, Bootstrap, JS, Typescript.
Client : ThinkSynQ Solutions Pvt Ltd

Project Title : **Fast Moving Consumer Goods**
Technologies : Angular 2,PHP,MySQL,HTML, CSS, Bootstrap, JS, Typescript.
Client : ThinkSynQ Solutions Pvt Ltd

Project Title : **Lead Management System**
Technologies : Angular 2,PHP, MySQL, HTML, CSS, Bootstrap, JS, Typescript.
Client : ThinkSynQ Solutions Pvt Ltd

Roles and responsibilities:

- Involving in requirement gathering, design, development, database structure creations and payment integration.
- Unit Testing, Maintenance, Bug fixing.
- Involved in report generation and optimization.
